

Rendezvous East

The Annual Poster Contest
"America's Boating Club Saves
Lives!" brought out some fine
young artist.

We not only had fun but
an opportunity to learn
some important safety
experiences with flares
and fire extinguishers.

Stf/C Bob from Jones
Beach demonstrated the
proper way to execute
these important safe
devices.

Rendezvous East

Dinner and Dancing—what could be better. We rolled back the clock to 1969 and many donned their most stylish tie dye patterns. Some were actually from 1969, we were told. Again, we all had a wonderful time. The lights went out at Midnight and we headed for out boats, hotel rooms and/or home taking with us a fulfilled weekend of memories.

See you all Next Year!
